# Oxford Academy School Accountability Report Card Reported Using Data from the 2012-13 School Year Published During 2013-14 

Every school in California is required by state law to publish a School Accountability Report Card (SARC), by February 1 of each year. The SARC contains information about the condition and performance of each California public school.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC webpage at http://www.cde.ca.gov/ta/ac/sa/.
- For additional information about the school, parents and community members should contact the school principal or the district office.

## I. Data and Access

## DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at http://dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., state Academic Performance Index [API], federal Adequate Yearly Progress [AYP]), test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners.

## Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

## Additional Information

For further information regarding the data elements and terms used in the SARC see the 2012-13 Academic Performance Index Reports Information Guide located on the CDE API Web page at http://www.cde.ca.gov/ta/ac/ap/.

## School Description and Mission Statement (School Year 2012-13)

This section provides information about the school, its programs and its goals.
The mission of Oxford Academy is to prepare students to be ethically and academically focused for entrance into college or university post-secondary education. Oxford Academy will provide students with a rigorous educational program in a collaborative setting, with emphasis on mastery of academics, critical thinking, and effective communication skills and character development.

## Opportunities for Parental Involvement (School Year 2012-13)

This section provides information on how parents can become involved in school activities, including contact information pertaining to organized opportunities for parent involvement.

There are a number of ways Oxford Academy promotes a family-friendly environment. PTSA, OA Foundation, School Site Council, and booster groups for sports and music are active organizations on our campus. PTSA provides parent volunteers for school functions, weekly office assistants, and field trips. The OA Foundation's mission is to provide financial resources and assistance to promote the educational advancement and success of our students. Financial support is generated through the Direct Investment Drive and by partnering with various groups in the community. School Site Council (SSC) membership is composed of elected parents, students, and school staff. The SSC oversees and monitors the spending of categorical funds, in which the intended purpose is to enhance academic achievement outcomes. The counseling staff conducts parent workshops and facilitates family conferences throughout the school year. Tlmely information is disseminated to parents through Naviance, the school website, and the TeleParent phone system.

## III. Student Performance

The Standardized Testing and Reporting (STAR) Program consists of several key components, including:

- California Standards Tests (CSTs), which include English-language arts (ELA) and mathematics in grades two through eleven; science in grades five, eight, and nine through eleven; and history-social science in grades eight, and nine through eleven.
- California Modified Assessment (CMA), an alternate assessment that is based on modified achievement standards in ELA for grades three through eleven; mathematics for grades three through seven, Algebra I, and Geometry; and science in grades five and eight, and Life Science in grade ten. The CMA is designed to assess those students whose disabilities preclude them from achieving grade-level proficiency on an assessment of the California content standards with or without accommodations.
- California Alternate Performance Assessment (CAPA), includes ELA and mathematics in grades two through eleven, and science for grades five, eight, and ten. The CAPA is given to those students with significant cognitive disabilities whose disabilities prevent them from taking either the CSTs with accommodations or modifications or the CMA with accommodations.

The assessments under the STAR Program show how well students are doing in relation to the state content standards. On each of these assessments, student scores are reported as performance levels.

For detailed information regarding the STAR Program results for each grade and performance level, including the percent of students not tested, see the CDE STAR Results Web site at http://star.cde.ca.gov.

## California High School Exit Examination

The California High School Exit Examination (CAHSEE) is primarily used as a graduation requirement. However, the grade ten results of this exam are also used to establish the percentages of students at three proficiency levels (not proficient, proficient, or advanced) in ELA and mathematics to compute AYP designations required by the federal Elementary and Secondary Education Act (ESEA), also known as No Child Left Behind (NCLB).

For detailed information regarding CAHSEE results, see the CDE CAHSEE Web site at http://cahsee.cde.ca.gov/.

California Physical Fitness Test Results (School Year 2012-13)
The California Physical Fitness Test (PFT) is administered to students in grades five, seven, and nine only. This table displays by grade level the percent of students meeting the fitness standards for the most recent testing period. For detailed information regarding this test, and comparisons of a school's test results to the district and state, see the CDE PFT Web page at http://www.cde.ca.gov/ta/tg/pf/.

## IV. Accountability

## Academic Performance Index

The Academic Performance Index (API) is an annual measure of state academic performance and progress of schools in California. API scores range from 200 to 1,000 , with a statewide target of 800 . For detailed information about the API, see the CDE API Web page at http://www.cde.ca.gov/ta/ac/ap/.

## Academic Performance Index Ranks - Three-Year Comparison

This table displays the school's statewide and similar schools' API ranks. The statewide API rank ranges from 1 to 10. A statewide rank of 1 means that the school has an API score in the lowest ten percent of all schools in the state, while a statewide rank of 10 means that the school has an API score in the highest ten percent of all schools in the state.

The similar schools API rank reflects how a school compares to 100 statistically matched "similar schools." A similar schools rank of 1 means that the school's academic performance is comparable to the lowest performing ten schools of the 100 similar schools, while a similar schools rank of 10 means that the school's academic performance is better than at least 90 of the 100 similar schools.

| API Rank | $\mathbf{2 0 1 0}$ | $\mathbf{2 0 1 1}$ | $\mathbf{2 0 1 2}$ |

| Students with Disabilities | 1 |  | 2,547 | 554 | 527,476 | 615 |

## Adequate Yearly Progress

The federal ESEA requires that all schools and districts meet the following Adequate Yearly Progress (AYP) criteria:

- Participation rate on the state's standards-based assessments in ELA and mathematics
- Percent proficient on the state's standards-based assessments in ELA and mathematics
- API as an additional indicator
- Graduation rate (for secondary schools)

For detailed information about AYP, including participation rates and percent proficient results by student group, see the CDE AYP Web page at http://www.cde.ca.gov/ta/ac/ay/.

Adequate Yearly Progress Overall and by Criteria (School Year 2012-13)

| AYP Criteria | School | District |
| :--- | :--- | :---: |
| Made AYP Overall | Yes | No |
| Met Participation Rate: English-Language Arts | Yes | Yes |
| Met Participation Rate: Mathematics | Yes | Yes |
| Met Percent Proficient: English-Language Arts | Yes | No |
| Met Percent Proficient: Mathematics | Yes | No |
| Met API Criteria | Yes | Yes |
| Met Graduation Rate (if applicable) | Yes | No |

## Federal Intervention Program (School Year 2013-14)

Schools and districts receiving federal Title I funding enter Program Improvement (PI) if they do not make AYP for two consecutive years in the same content area (ELA or mathematics) or on the same indicator (API or graduation rate). After entering PI, schools and districts advance to the next level of intervention with each additional year that they do not make AYP. For detailed information about PI identification, see the CDE PI Status Determinations Web page: http://www.cde.ca.gov/ta/ac/ay/tidetermine.asp.

## School Safety Plan (School Year 2012-13)

This section provides information about the school's comprehensive safety plan, including the dates on which the safety plan was last reviewed, updated, and discussed with faculty; as well as a brief description of the key elements of the plan.

School Safety Plans are reviewed on an annual basis. The Oxford Academy plan was updated and reviewed on September 20, 2011, with the school faculty. The main components focused on safety procedures and where students and staff were to report in case of any type of evacuation emergency. All staff were given specific duties and locations to report to, and a map of where students were to report by cluster classes. Lock down procedures were presented in a handout and reviewed, and then forms and procedures for taking attendance during an emergency was fully reviewed. Emergency drills are conducted at various times throughout the school year to practice procedures that will insure maximum student and staff safety. Oxford Academy is staffed with a full time security officer who supervises the outside areas of the campus daily from 9:30 am to 5:00 pm.

## Suspensions and Expulsions

| Rate | School |  |  | District |  |  |

| Suspensions | 0 | 0 | 0.26 | 9.85 | 4.55 |  |
| Expulsions | 0 | 0 | 0.00 | 1.02 | 0.52 |  |

Note: The rate of suspensions and expulsions is calculated by dividing the total number of incidents by the total enrollment x 100 .

## VI. School Facilities

## School Facility Conditions and Planned Improvements (School Year 2013-14)

This section provides information from the most recent Facility Inspection Tool (FIT) data (or equivalent), including:

- Description of the safety, cleanliness, and adequacy of the school facility
- Description of any planned or recently completed facility improvements
- Description of any needed maintenance to ensure good repair

Oxford Academy is a seventh- through twelfth-grade college preparatory high school, which opened in September, 1998. The facility was originally built in 1965 and used as a junior high school. The 24 acre site includes 42 regular classrooms housed in six buildings. There are 13 labs, which are designed for specific programs (i.e. computer lab, science lab, choral music room, etc.) The site also includes a food service kitchen, a multi-purpose room, a library/media center, a gym and a variety of sports fields.

Maintenance and Repair: Site and District maintenance staff ensure that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient service. Emergency repairs are given the highest priority.

Cleaning Process and Schedule: The District's Board of Trustees has adopted cleaning standards for all schools. The administration works daily with the custodial staff to develop cleaning schedules to ensure a clean and safe school. All classrooms and restrooms are cleaned daily. Deep cleaning, including waxing of floors and painting, takes place during times when students are not in classes. Students, parents, and staff are encouraged to report any objectionable conditions via a uniform complaint procedure.

Modernization and construction: Extensive modernization and new construction were completed in September, 2006. The estimated total budget for the project was $\$ 21.2$ million. The project included eight new classrooms and a gym. Six campus buildings, which included 33 classroom spaces, were modernized. Oxford Academy received a $\$ 100,000$ grant from Lowe's to provide major upgrades to the multipurpose room. New stage sound, lighting, and flooring have been added, along with new conference tables, a mounted LCD projector, and a large electronic projector screen above the stage area.

The most recent site inspection was completed on October 15, 2013.

## School Facility Good Repair Status (School Year 2013-14)

This section provides information from the most recent Facility Inspection Tool (FIT) data (or equivalent), including:

* Total Teacher Misassignments includes the number of Misassignments of Teachers of English Learners.

## Core Academic Classes Taught by Highly Qualified Teachers (School Year 2012-13)

The federal ESEA, also known as NCLB, requires that core academic subjects be taught by Highly Qualified Teachers, defined as having at least a bachelor's degree, an appropriate California teaching credential, and demonstrated core academic subject area competence. For more information, see the CDE Improving Teacher and Principal Quality Web page at www.cde.ca.gov/nclb/sr/tq/.

| High-Poverty Schools in District | 99.8 | 0.2 |  |
| Low-Poverty Schools in District | 100.0 | 0.0 |  |

Note: High-poverty schools are defined as those schools with student eligibility of approximately 40 percent or more in the free and reduced price meals program. Low-poverty schools are those with student eligibility of approximately 39 percent or less in the free and reduced price meals program.

## VIII. Support Staff

Academic Counselors and Other Support Staff (School Year 2012-13)

| Title | Number of FTE <br> Assigned to School | Average Number of Students per <br> Academic Counselor |
| :--- | :---: | :---: |
| Academic Counselor | 2 | 576 |
| Counselor (Social/Behavioral or Career Development) | 0 | --- |
| Library Media Teacher (Librarian) | 0 | --- |
| Library Media Services Staff (Paraprofessional) | 1 | --- |
| Psychologist | 0.5 | --- |
| Social Worker | 0 | --- |
| Nurse | 0.16 | --- |
| Speech/Language/Hearing Specialist | 0.5 | --- |
| Resource Specialist | 0 | --- |
| Other | 0 | --- |

Note: One Full Time Equivalent (FTE) equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time.

## IX. Curriculum and Instructional Materials

## Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2013-14)

This section describes whether the textbooks and instructional materials used at the school are from the most recent adoption; whether there are sufficient textbooks and instruction materials for each student; and information about the school's use of any supplemental curriculum or non-adopted textbooks or instructional materials.

[^3]All content subject areas utilize standards-aligned, State and District adopted textbooks and instructional materials. Teachers have input into the textbook selection process at the district-level through an established curriculum cycle. Teachers are given indepth training on the instructional materials and the ancillary materials that accompany the basic textbook material. Ancillary materials support both the language needs and the learning needs of students.

This information was collected in November 2012.

| Core Curriculum Area | Textbooks and Instructional Materials/ Year of Adoption | From Most Recent Adoption? | Percent of Students Lacking Own Assigned Copy |
| :---: | :---: | :---: | :---: |
| Reading/Language Arts | English language arts textbooks were adopted in 2002-03: Prentice Hall Timeless Voices, Timeless Themes (Gold, Platinum, American, British). Multiple core novels and/or non-fiction books or texts are assigned to students according to grade-level curriculum. All students have their own copy of these novels and texts. | Yes | 0 |
| Mathematics | Mathematics textbooks were adopted in 2007-08. Course appropriate, standards-based textbooks were chosen for each mathematics course. There is one textbook available per student. | Yes | 0 |
| Science | Science textbooks were adopted in 2006-07. There is one textbook available per student. | Yes | 0 |
| History-Social Science | History/Social science textbooks were adopted in 2005-06. There is one textbook available per student. | Yes | 0 |
| Foreign Language | Foreign language textbooks were adopted in 200304. There is one textbook available per student. | Yes | 0 |
| Health | Health textbooks were adopted in 2004-05. There is one textbook available per student. | Yes | 0 |
| Visual and Performing Arts | Visual and performing arts students have access to course appropriate textbooks and instructional materials. | Yes | 0 |
| Science Laboratory Equipment (grades 9-12) | All science labs at Oxford Academy have the following equipment: tables with chemical-resistant tops, stools at lab tables, white boards/chalk boards for demonstrations, one complete set of glassware per classroom, linear measuring devices (meter sticks, $12^{\prime \prime} / 6^{\prime \prime}$ rulers, etc.), course appropriate charts, hot plates, triple-beam and/or top-loading balances, thermometers, overhead projector, LCD projector, ELMO projector, VCR/DVD player, and laser disc player. Most labs have additional equipment appropriate for the courses being taught in the room. | Yes | 0 |

## X. School Finances

Expenditures Per Pupil and School Site Teacher Salaries (Fiscal Year 2011-12)

| Level | Expenditures Per Pupil |  |  | Average <br> Teacher Salary |
| :---: | :---: | :---: | :---: | :---: |
|  | Total | Supplemental/ Restricted | Basic/ Unrestricted |  |
| School Site | \$6,051 | \$470 | \$5,581 | \$88,017 |
| District | --- | --- | \$5,824 | \$83,851 |
| Percent Difference: School Site and District | --- | --- | -4.2 | 5.0 |
| State | --- | --- | \$5,537 | \$71,584 |
| Percent Difference: School Site and State | --- | --- | 0.8 | 23.0 |

Supplemental/Restricted expenditures come from money whose use is controlled by law or by a donor. Money that is designated for specific purposes by the district or governing board is not considered restricted.
Basic/Unrestricted expenditures are from money whose use, except for general guidelines, is not controlled by law or by a donor.

For detailed information on school expenditures for all districts in California, see the CDE Current Expense of Education \& Per-pupil Spending Web page at http://www.cde.ca.gov/ds/fd/ec/. For information on teacher salaries for all districts in California, see the CDE Certificated Salaries \& Benefits Web page at http://www.cde.ca.gov/ds/fd/cs/. To look up expenditures and salaries for a specific school district, see the Ed-Data Web site at: http://www.ed-data.org.

## Types of Services Funded (Fiscal Year 2012-13)

This section provides specific information about the types of programs and services available at the school that support and assist students. For example, this narrative may include information about supplemental educational services related to the school's federal Program Improvement (PI) status.

Funds generated from OA FOundation's Direct Investment Drive are used to provide a week-long summer orientation for incoming seventh graders, provide extended hours for the school library to be open from 7:00 am until 4:30 pm daily, and to provide both mathematics and writing workshops in the summer for academic support and enrichment. Title II funds pay for teachers to attend the College Board Advanced Placement summer training and to pay for teacher release time to refine curriculum maps, assessments, and course alignment.

Teacher and Administrative Salaries (Fiscal Year 2011-12)

| Category | District <br> Amount | State Average for <br> Districts In Same Category |
| :--- | :---: | :---: |
| Beginning Teacher Salary | $\$ 47,407$ | $\$ 42,865$ |
| Mid-Range Teacher Salary | $\$ 86,266$ | $\$ 69,484$ |
| Highest Teacher Salary | $\$ 99,147$ | $\$ 89,290$ |
| Average Principal Salary (Elementary) | $\$ 0$ | $\$ 119,946$ |
| Average Principal Salary (Middle) | $\$ 123,886$ | $\$ 128,378$ |
| Average Principal Salary (High) | $\$ 136,711$ | $\$ 202,664$ |
| Superintendent Salary | $\$ 244,008$ | $36.8 \%$ |
| Percent of Budget for Teacher Salaries | $40.6 \%$ | $4.9 \%$ |
| Percent of Budget for Administrative Salaries | $4.0 \%$ |  |

For detailed information on salaries, see the CDE Certificated Salaries \& Benefits Web page at http://www.cde.ca.gov/ds/fd/cs/.

## XI. School Completion and Postsecondary Preparation

## Admission Requirements for California's Public Universities

## University of California

Admission requirements for the University of California (UC) follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work.

For general admissions requirements, please visit the UC Admissions Information Web page at http://www.universityofcalifornia.edu/admissions/.

## California State University

Eligibility for admission to the California State University (CSU) is determined by three factors:

- Specific high school courses
- Grades in specified courses and test scores
- Graduation from high school

Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information see the CSU Web page at http://www.calstate.edu/admission/admission.shtml.

Dropout Rate and Graduation Rate

## Completion of High School Graduation Requirements

This table displays, by student group, the number of students who were a part of the school's most recent graduating class for which CDE has available data and meet all state and local graduation requirements for grade twelve completion, including having passed both the ELA and mathematics portions of the CAHSEE or received a local waiver or state exemption.

| Group | Graduating Class of 2012 |  |  |
| :--- | :---: | :---: | :---: |
|  | School | District | State |
| All Students | 175 | 4,553 | 418,598 |

## Career Technical Education Programs (School Year 2012-13)

This section provides information about Career Technical Education (CTE) programs including:

- Programs and classes offered that are specifically focused on career preparation and or preparation for work
- How these programs and classes are integrated with academic courses and how they support academic achievement
- How the school addresses the needs of all students in career preparation and/or preparation for work, including needs unique to defined special populations of students
- The measurable outcomes of these programs and classes, and how they are evaluated
- State the primary representative of the district's CTE advisory committee and the industries represented on the committee

Oxford Academy has three career pathways that represent industries that suit the needs, interests, and demands of its diverse student body. During the 2012-13 school year courses were offered in the following career industries: Business and Finance; Health, Science and Medical Technology; Information Technology; and Marketing, Sales, and Services.

Career Technical Education Participation (School Year 2012-13)

| Measure | CTE Program <br> Participation |
| :--- | :---: |
| Number of pupils participating in CTE | 247 |
| $\%$ of pupils completing a CTE program and earning a high school diploma | $100 \%$ |
| $\%$ of CTE courses sequenced/articulated between the school/institutions of postsecondary education | $100 \%$ |

Courses for University of California and/or California State University Admission

| UC/CSU Course Measure | Percent |

## XII. Instructional Planning and Scheduling

## Professional Development

This section provides information on the number of days provided for professional development and continuous professional growth in the most recent three year period. Questions that may be answered include:

- What are the primary/major areas of focus for staff development and specifically how were they selected? For example, were student achievement data used to determine the need for professional development in reading instruction?
- What are the methods by which professional development is delivered (e.g., after school workshops, conference attendance, individual mentoring, etc.)?
- How are teachers supported during implementation (e.g., through in-class coaching, teacher-principal meetings, student performance, and data reporting, etc.)?

Teachers participate in a variety of District in-services as well as professional development workshops and conferences to enhance their knowledge and instructional skills. Each year, at least twenty days are designated for focused and site-specific professional development. Vertical teaming has been the focus of Oxford's on-site professional development for the following departments: English, foreign language, mathematics, science, and social science. Oxford implements a weekly late-start day on Monday mornings to provide a set time for collaboration and professional development. The faculty meets once a month to work on effective instructional strategies. Departments have twelve designated Mondays to analyze and revise curriculum maps and common assessments. Teachers meet in grade-alike groups on six different Mondays; and four Mondays are designated for teachers to work on grades, conduct parent/student meetings, and/or meet with colleagues. Monday late-start days provide teachers with 75 minutes weekly of focused time for collaboration, to reflect on effective and "best" practices, develop benchmark assessments, and to address student needs.

Since 2009-10 the District has provided each school site with an in-house Lesson Design Specialist. This is a teacher on staff who coaches/mentors colleagues and leads staff development sessions on using research-based instructional strategies and designing lessons based on best practices for all learners. The instructional focus at Oxford Academy has been posting daily content and language objectives, implementing Accountable Talk, and using a variety of formative assessments to consistently check students' learning throughout lesson presentations. Due to budget cuts for the 2012-13 school year, the funding for the Lesson Design Specialist position at Oxford was eliminated. However, leadership capacity has developed among the teachers over the last three years, so the work of the Lesson Design Specialist will continue within each department.

The Beginning Teacher Support and Assessment (BTSA) program also provides opportunities for professional development to new teachers. The District continues to train teachers in the use of strategies to deliver a differentiated curriculum with depth and complexity. Teachers learn to utilize student assessment results through "Illuminate" in order to target instruction to better meet the individual needs of students. All District staff members are supported in their efforts to deliver highly effective lessons.

Classified staff members have many opportunities to participate in District sponsored training designed to enhance their effectiveness with students.

[^0]:    Note: Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

[^1]:    Note: "N/D" means that no data were available to the CDE or LEA to report. "B" means the school did not have a valid API Base and there is no Growth or target information. "C" means the school had significant demographic changes and there is no Growth or target information.

[^2]:     information is reported by subject area rather than grade level.

[^3]:    Year and month in which data were collected: August 2009

[^4]:    * Where there are student course enrollments.
