#### 2021-22 School Overview

School Vision Statement:

"Oxford Academy is a community of innovators dedicated to nurturing the holistic growth of life-long learners who will lead and serve an evolving local and global society".

Core Values:

Oxford Academy Leads with the 5 C's: Critical Thinking, Collaboration, Communication, Creativity and Character.

#### Educational Highlights:

One hundred percent of Oxford Academy students are enrolled in courses that meet the University of California (UC) A-G requirements and UC eligibility. For the senior class of 2018, 90% matriculated to a four-year college, and 10% matriculated to a two-year college. At least 51% of Oxford Academy students are enrolled in Visual and Performing Arts classes. They also participate in intramural sports at the junior high level and CIF sports at the high school level. All Oxford Academy students participate in a comprehensive honors curriculum and are required to enroll in a minimum of four Advanced Placement (AP) courses to graduate. Additionally, students select a Career Technical Education (CTE) pathway: Software and Systems Development, Engineering, Business, or Biomedical Science pathway. Oxford Academy offers the following support programs to help struggling students: before or after school tutoring, writing skills workshop, and mathematics support.

#### Student Achievement Data:

Oxford Academy students exceeded National and State Common Core Standards as measured by the Smarter Balanced Assessment Consortium (SBAC), 99% of the students tested met or exceeded the tested standards in ELA and 86% met or exceeded the tested standards in Mathematics. All student groups are meeting the state school-wide targets in English language arts (ELA) and mathematics. Oxford Academy became a California Gold Ribbon school in 2017 and was named as a National Blue Ribbon School in 2019. Awarded California Democracy School in 2020. Oxford Academy is ranked the number one public school in California and number 11 in the nation.

#### Demographic Information:

Oxford Academy, located in Cypress, California, serves 1,284 students in grades seven through twelve. The ethnic composition of the student body is 62.5% Asian, 18% Latino, 6.54% White, 6.5% Filipino/Pacific Islander, and 4.8% Mixed Race. Over 35% of Oxford Academy students participate in the Free/Reduced Lunch program. Additionally, Oxford Academy has no El students,

#### 2021-22 School Overview

however, 52% of the student body is reclassified as fluent English proficient students and 70% of Oxford students come from homes in which English is not the primary language. Students' home languages are diverse with twenty-six different languages spoken.

# A. Conditions of Learning

# **State Priority: Basic**

•

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
  - Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: For more information refer to the Updated Teacher Equity Definitions web page at <u>https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp</u>

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

# 2021-22 Quality, Currency, Availability of Textbooks and Other Instructional Materials

All content subject areas utilize standards-aligned, State and District adopted textbooks and instructional materials. Teachers have input into the textbook selection process at the district level through an established curriculum cycle. Teachers are given in-depth training on the instructional materials and the ancillary materials that accompany the basic textbook material. Ancillary materials support both the language needs and the learning needs of students.

This information was collected in September 2018.

#### School Facility Conditions and Planned Improvements

Oxford Academy is a seventh- through twelfth-grade college preparatory high school, which opened in September 1998. The facility was originally built in 1965 and used as a junior high school. The 24 acre site includes 42 regular classrooms housed in six buildings. There are 13 labs, which are designed for specific programs (i.e. computer lab, science lab, choral music room, etc.). The site also includes a food service kitchen, a multi-purpose room, a library/media center, a gym, and a variety of sports fields.

Maintenance and Repair: Site and District maintenance staff ensure that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient service. Emergency repairs are given the highest priority.

Cleaning Process and Schedule: The District's Board of Trustees has adopted cleaning standards for all schools. The administration works daily with the custodial staff to develop cleaning schedules to ensure a clean and safe school. All classrooms and restrooms are cleaned daily. Deep cleaning, including waxing of floors and painting, takes place during times when students are not in classes. Students, parents, and staff are encouraged to report any objectionable conditions via a uniform complaint procedure.

Modernization and construction: Extensive modernization and new construction were completed in September 2006. The project included eight new classrooms and a gym. Six campus buildings, which included 33 classroom spaces, were modernized. Oxford Academy also received a \$100,000 grant from Lowe's to provide major upgrades to the multipurpose room. New stage sound, lighting, and flooring were added, along with new conference tables, a mounted LCD projector, and a large electronic projector screen above the stage area.

The most recent site inspection was completed on November 4, 2021.

# **B. Pupil Outcomes**

# **State Priority: Pupil Achievement**

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

#### Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

- 1. Smarter Balanced Summative Assessments and CAAs for ELA in grades three through eight and grade eleven.
- 2. Smarter Balanced Summative Assessments and CAAs for mathematics in grades three through eight and grade eleven.
- 3. California Science Test (CAST) and CAAs for Science in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

#### SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
  - Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

#### Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

#### Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

The 2020-2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-2021 school year to other school years.

## 2020-21 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment. The CDE will populate this table for schools in cases where the school administered the CAASPP assessment. In cases where the school administered a local assessment instead of CAASPP, the CDE will populate this table with "NT" values, meaning this school did not test students using the CAASPP. See the local assessment(s) table for more information.

## 2020-21 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment. The CDE will populate this table for schools in cases where the school administered the CAASPP assessment. In cases where the school administered a local assessment instead of CAASPP, the CDE will populate this table with "NT" values, meaning this school did not test students using the CAASPP. See the local assessment(s) table for more information.

## CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative testing suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

For any 2020-2021 data cells with N/T values indicate that this school did not test students using the CAASPP Science.

#### 2020-21 Career Technical Education Programs

Oxford Academy has four career pathways that represent industries that suit the needs, interests, and demands of its diverse student body. During the 2017-18 school year courses were offered in the following career industry sectors: Engineering and Design; Health Science and Medical Technology; Information and Communication Technologies; and Marketing, Sales, and Services.

Our CTE pathway courses are designed using the CTE Model Curriculum Standards, ensuring that students are developing the key skills needed to succeed in both school and the workplace. All of our teachers are trained to provide the best possible instruction for all students, including those in CTE pathways, with a focus on universal design for learning, ensuring that all students can access the curriculum. Our district measures the success of our CTE programs by evaluating the graduation rate, A-G completion rate, post-secondary enrollment, and when possible the career placement of students. This data guides which CTE pathways are offered, as well as the alignment between curriculum and the needs of each industry sector. CTE teachers attend regional advisory boards for each industry sector to stay up to date on the latest trends, skills desired of employers, employment outlook, and post-secondary programs related to the industry sector. These advisory boards are provided by Vital Link, a local non-profit organization that connects businesses with school districts, ensuring that the knowledge gained at the advisory boards represents the surrounding region.

# **State Priority: Parental Involvement**

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

#### 2021-22 Opportunities for Parental Involvement

There are a number of ways Oxford Academy promotes a family-friendly environment. PTSA, OA Foundation, School Site Council, and booster groups for sports and music are active organizations on our campus. PTSA provides parent volunteers for school functions. The OA Foundation's mission is to provide financial resources and assistance to promote the educational advancement and success of our students. Financial support is generated through the Direct Investment Drive and by partnering with various groups in the community. School Site Council (SSC) membership is composed of elected parents, students, and school staff. The SSC oversees and monitors the spending of supplemental state and federal funds, in which the intended purpose is to enhance academic achievement outcomes. The counseling staff conducts parent workshops and facilitates family conferences throughout the school year. Both the administration and the counseling team offer monthly parent meetings in the morning and evening that serve as informational work shops and an informal forum for parent concerns and questions. We carry out multiple Parent Learning Walks where parents are invited on campus to view classes with the principal and dialogue on a 21st century classroom. We also have a Parent Leadership Academy ran by our FaCES (Family and Community Engagement Specialist). Timely, information is disseminated to parents through Aeries Communication, OA Updates, Social Media and the school website.

# State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

#### **Suspensions and Expulsions**

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

| Subject     | School<br>2018-19 | School<br>2020-21 | District<br>2018-19 | District<br>2020-21 | State<br>2018-19 | State<br>2020-21 |

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-2020 suspensions and expulsions rate data are not comparable to other year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to other school years.

#### 2021-22 School Safety Plan

School Safety Plans are reviewed, discussed, and updated on an annual basis. Input is gathered from staff, students, and community resource groups along with the School Site Council in order to determine any needed changes. The Oxford High School Safety Plan is implemented by staff members. No less than four safety/evacuation drills (earthquake, active shooter, etc) are conducted throughout the school year. Students, teachers, and other faculty members are required to participate in these drills.

#### 2018-19 Secondary Average Class Size and Class Size Distribution

This table displays the 2018-19 average class size and class size distribution. The columns titled "Number of Classes" indicates how many classes fall into each size category (a range of total students per classroom). At the secondary school level, this information is reported by subject area rather than grade level.

#### 2020-21 Types of Services Funded

OA Foundation and our PTSA provides funds for extra activities especially in Roboticsfor students. Title II allows for teachers to contoinue professional development and participate in trainings and conferences. In addition, we have hired another counselor and AIME student tutors with loss mitigation funds from Covid and will continue these services under our LCFF funds. Title IV has further supported our VAPA and STEAM programs. Additionally, we host international students throughout our school year and hence receive some monetary benefit. We do not receive any Title I monies.

#### **Professional Development**

Teachers participate in a variety of District in-services as well as professional development workshops and conferences to enhance their content knowledge and instructional skills. This is in addition to four professional development days and weekly late-start meetings, which are scheduled each year for professional learning activities. New teachers are also required to participate in a teacher induction program. The District and school continue to train teachers in strategies to deliver a differentiated curriculum with depth and complexity. Teachers learn to utilize students' assessment results in order to target instruction to better meet the individual needs of students. Classified staff members have many opportunities to participate in training designed to enhance their effectiveness with students. All District staff members are supported in their efforts to deliver highly effective lessons. Teachers and administrators are given many opportunities to examine current instructional programs and strategies and realign with state curriculum performance and content standards. Research-based instructional strategies are reviewed and implemented.

In addition to what the district provides, Oxford Academy has weekly professional development opportunities on Tuesday's late start days. The time is utilized by departments, specialized programs, and cross-curricular articulation. All educational staff is involved in a variety of workshops and conferences.

# Local Accountability Report Card (LARC) Addendum

2020-21 Local Accountability Report Card (LARC) Addendum Overview

On July 14, 2021, the California State Board of Education (SBE) determined that the California Department of Education (CDE) will use the SARC as the mechanism to conduct a one-time data collection of the LEA-level aggregate test results of all school's local assessments administered during the 2020–2021 school year in order to meet the federal Every Students Succeeds Act (ESSA) reporting requirement for the Local Educational Agency Accountability Report Cards (LARCs).

Each local educational agency (LEA) is responsible for preparing and posting their annual LARC in accordance with the federal ESSA. As a courtesy, the CDE prepares and posts the LARCs on behalf of all LEAs.

Only for the 2020–2021 school year and the 2020–2021 LARCs, LEAs are required to report their aggregate local assessments test results at the LEA-level to the CDE by populating the tables below via the SARC. These data will be used to meet the LEAs' federal requirement for their LARCs. Note that it is the responsibility of the school and LEA to ensure that all student privacy and suppression rules are in place when reporting data in Tables 3 and 4 in the Addendum, as applicable.

The tables below are not part of the SBE approved 2020–2021 SARC template but rather are the mechanism by which these required data will be collected from LEAs.

For purposes of the LARC and the following tables, an LEA is defined as a school district, a county office of education, or a direct funded charter school.

# 2020-21 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment. The CDE will populate this table for schools in cases where the school administered the CAASPP assessment. In cases where the school administered a local assessment instead of CAASPP, the CDE will populate this table with "NT" values, meaning this school did not test students using the CAASPP. See the local assessment(s) table for more information.
